

2015 GRASSROOTS ADVOCACY WORKSHOP

December 15th—16th in Omaha, Nebraska

This program is sponsored by Nebraska Corn

In today's environment, advocacy is extremely important. At the NeCGA, we know how politics and decisions by federal & state government officials have a direct impact on our crops, our businesses, and our livelihoods. As a part of a continued effort to help our country's leaders understand the issues that have a significant impact on our industry, the NeCGA has made it a priority to give our members the tools and continued education to be effective advocates in the corn industry.

To build upon the success of our past leadership development programs, we will be hosting a second-phase advocacy workshop. The workshop will be designed to provide an introduction for new participants while also sharpening and refreshing the skills and information for those who participated in the previous programs.

**NeCGA encourages all local leaders,
board members, and spouses to attend!**
